

Kit #1: Local Yarn Shawl to knit — \$31.93

It started as an offering for Local Yarn Store Day but this design from **Casapinka** is great for any day of the year. The designer developed the pattern to take advantage of special yarns available from local yarn stores — in our case, Merchandising Manager **Linda Schumacher** has paired it with **Painted Lace Degradé** from **Knitting Fever**.

The **Local Yarn Shawl** is a boomerang shaped shawl, consisting of simple lace, textured, eyelet and mesh stitches and is written for two sizes. Suggested needle size: US 6.

Painted Lace Degradé is a 100% cotton, fingering-weight yarn that consists of three fine strands of different colors that are plied together and gradually changes depth of color from light to dark (874yds./cake).

The kit includes pattern and a cake of of Painted Lace Degradé for a one-week discounted price of just \$31.93, plus sales tax. To purchase your kit, visit the shop or call **530-642-2270** today!

First Frost Vest *to knit — price depends on size*

This quick, fun pattern from designer **Heidi Kirrmaier** is made in a single piece, which means you won't have to do a lot of seaming to put it together. It includes instructions for making adjustments in between the sizes given in the main instructions and the length and bust darts can be easily modified to ensure the perfect fit. Remember to check your gauge on this one; suggested needle sizes: US 7 & 8.

Ultra Alpaca worsted from **Berroco** is the yarn Merchandising Manager **Linda Schumacher** has selected for this kit. It's a 50/50 blend of super-fine alpaca and Peruvian highland wool that comes in an incredible array of colors (217yds/hank).

The price of your vest will depend on size and number of hanks needed (the pattern calls for 394-744 yards of yarn). The kit includes the printed pattern for \$5.50 and yarn for \$13.50 per hank, plus sales tax. Or—if you'd like to try this pattern with a different yarn—we can help you put together a custom kit (price will vary depending on yarn selected). To purchase your kit, call **530-642-2270** or stop by the shop.
